ENVIRONMENTAL POLICY STATEMENT

Armac Environmental recognise that in our day to day operations we inevitably impact on the environment in a number of ways and are committed to reduce that impact through continual improvement in our environmental performance.

To achieve this we:

- employ systems and procedures that ensure compliance with all relevant laws, regulations and other requirements relating to the environment
- provide employee training to enhance environmental awareness of our staff, this ensures environmental issues are considered when managing our premises and planning, implementing and undertaking all projects
- promote a sustainable approach to business, in partnership with our clients and other stakeholders by conserving energy, minimising consumption, preferring low pollution materials, maximising efficiency and implementing a 'waste management hierarchy'
- ensure that we integrate sustainability considerations into our business decisions
- maintain an Environmental Management System (EMS) registered to ISO 14001; that is communicated to all staff
- are committed to preventing pollution and to minimising the environmental impact, for the life cycle; (including disposal), of plant, equipment, and any other physical assets under our control
- are committed to continual improvement in our environmental performance, through the implementation of our EMS, and the establishment of measurable environmental objectives and targets. These will be documented, implemented, maintained, monitored and reviewed
- put controls in place to protect the environment from any significant environmental aspects and impacts arising from our work activities

This Environmental Policy Statement and the 'responsibilities and arrangements' that support it will be reviewed at least annually or more frequently where there have been significant changes to the company or the nature of the company's activities.

Eventual responsibility for fulfilling the defined responsibilities and arrangements are vested in the undersigned.

Mark Dudley | Managing Director
